DIU AI Project Competition 2026
OFFICIAL SELECTION CONFIRMATION

Dear Team **NutriConnect**,

Greetings from the Organizing Committee of the **DIU AI Project Competition 2026**.

Thank you for your participation and for submitting your innovative AI project proposal. We are pleased to inform you that your team has been **officially selected** for the next round of the competition. Congratulations on this achievement.

 **Your team is now invited to proceed to the Minimum Viable Product (MVP) Development Phase**
for the final evaluation round of the competition.

During this phase, your team is requested to prepare a fully functional MVP based on your submitted proposal. Please ensure your project adheres to the following requirements:

- 1

All proposed **core features** must be fully functional and operational.
- 2

The system must operate **smoothly and reliably** without critical errors, crashes, or service interruptions during the final demonstration.
- 3

The MVP must **accurately represent** the concept and objectives described in your original submitted proposal.
- 4

Teams must be **prepared to demonstrate** the technical implementation and practical impact of their solution.

Team Name	NutriConnect
Team Leader	TAMANNA JARIN TIMA
Status	✔ Verified & Officially Selected

Further instructions regarding the **final presentation schedule** and evaluation process will be shared with your team soon. Please stay attentive to your registered email addresses for upcoming communications.

We wish your team every success in the development phase. Let your innovation lead the way.

Warm regards,
Organizing Committee
DIU AI Project Competition 2026
